

Our officials are trained in low-stress environments.

We assign you a coach who stands by you during the training process.

Officiating is not only
FUN & REWARDING
it's a GREAT part-time job!

WHAT'S STOPPING YOU?

WE NEED YOU!
 Become a
VOLLEYBALL
official!

The Western New England Board of Volleyball Officials is in need of

Referees, Line Judges & Scorers

The Western New England Board of Volleyball Officials (WNEBVO) is dedicated to improving the quality of volleyball officiating for middle school, high school, club and collegiate competition throughout the greater New England region and beyond.

The WNEBVO strives to increase the number of competent officials through education and mentoring and promotes involvement in the governing bodies of other volleyball groups.

Members of our board are either NCAA/PAVO and/or USAV certified officials.

We currently have on staff over 70 officials, including referees, line judges and scorers.

What's in it for you?

Becoming a volleyball referee can be a rewarding career for the right person.

Officials on our Board work every level of competition from middle school volleyball all the way up to International competition.

Certified Line Judges and Scorers are currently making \$75 to \$100 per match and sometimes more.

High School referees, through to the 2020 season, are currently earning:

- Varsity: \$83
- Sub-Varsity (Freshman & JV): \$61

Generally speaking, officials are assigned to both the Varsity and Junior Varsity matches on the same day: \$144 per-day

For more information on officials training and working towards getting certified as a volleyball referee, line judge, or scorer, please contact:
